Will Hold School Fair Mon. Sept. 10

At a meeting of the school fair directorate, held last Saturday evening, it was decided to hold the annual school fair as usual. The date was fixed for Monday, September 10, and the fair will be held at Oyen school. Live stock exhibits will be shown in the skating rink, other exhibits in the school. The sports will take place on the school grounds.

Two judges from Olds will be present, and while there will be no cash prizes this year, the usual point system will be used and the two pupils, boy and girl, obtain-

Wool Scouring Plant

Establishment of a wool scouring plant, valued at \$50,000, capable of handling the bulk of Alberta's annual wool clip, is now assured for the province, according to authoritative information from Edmonton. Just where the plant will be located is not yet decided. Four locations are being considered by the eastern firm handling the proposition, namely, Edmonton, Calgary, Lethbridge and Medicine Hat. One of the main considerations is proper railroad facilities for both inward and outward shipments. The annual wool clip of the province runs between 3,500,000 and 4,000,000 lbs. The largest proportion is produced in Southern Alberta, but there are a number of important producing areas in the central and northern parts of the province. It is stated that the financial arrangements for the plant have now been completed, and that installation can be commenced as soon as a definite location is arranged. The proposition is being closely studied by the provincial trade commissioner's office at Edmonton.

Alberta Grain Growers READ THIS MESSAGE!

It is of vital importance that a strong co-operative elevator system should flourish in Alberta. It is desirable that such an elevator system should be under the control of Alberta grain growers—men who are actually following the occupation of farming.

The Alberta Pool Elevator system is the only organization in Alberta that meets these requirements.

All country elevators of the Pool system are operated under public license and as such are in a position to handle the grain of any grower.

Alberta Pool Elevators are on a sound financial basis; are efficiently managed and can give unexcelled service to the grain growers of this province. Alberta Pool agents are carefully selected and have strict instructions to give fair treatment, including proper weights and correct grades, to all patrons.

Alberta Pool Elevators operate on the co-operative principle of "Each for all and all for each"—a principle which will tend to bring a measure of economic and social justice, peace and prosperity throughout the world.

About Town and Country

While making pickles one day this week, Mrs. George A. Morrison noticed a number of bees flying about the kitchen screen door. In an effort to get rid of them, a saucer with some pickle in it was placed on the walk outside the door, and results were watched. It was not long before the bees found the pickle, and one, more ambitious than the rest backed into the saucer, and when he (she or it) was well smeared with the contents, flew off with the load. In about ten minutes, several hundred bees were swarming round to participate in the feast. Several got into the house and Mr. Desmond who owned them, had to be called in to the rescue. More pickle was put out further from the house, and after cleaning up every speck that had been put out for them, the bees returned to their hives at Desmond's.

Mr. and Mrs. Robert A. McLaren and family, Mrs. M. Acheson and Shirley, Miss Ethel Johnson, Mr. and Mrs. Chas. L. Dunford and family and Robert Neid were Sunday visitors at the famous Jarboe ranch near Bindloss.

Australia is showing very substantial evidence of recovery with continued betterment in sight, is the view of John P. Brophy, Commonwealth Trade Representative at New York, stated when interviewed aboard S.S. Niagara on arrival recently at Victoria.

Fifty per cent. ahead of last year at mid-August with prospects for balance of season exceptionally good for the Canadian Pacific hotels and resorts in the Rockies is reported by A. E. Robertson, assistant general manager, in charge of the Company's western hotels.

Prominent British parliamentarians are visiting the Maritime Provinces this year, including Prime Minister J. Ramsay MacDonald. The Canadian Pacific liner Montcalm recently carried as a passenger Dr. E. Leslie Burgin, M.P., parliamentary secretary of the British Board of Trade, who will stay at St. Andrews-by-the-Sea, Saint John and Digby, N.S.

Canadian Pacific flagship Empress of Britain claimed a new record recently for the Quebec-Cherbourg Atlantic crossing, making the trip in four days, six hours and fifty-eight minutes, being thirty-four minutes under her own previous record set in August, 1933.

Montagu Norman, governor of the Bank of England, whose evasive tactics have given newspaper men some strenuous times in the past few years, actually posed for a photograph aboard Canadian Pacific liner Duchess of Bedford on his return to England recently. "Wait till I get my hat on straight," was his comment to the astonished and gratified photographer.
